Pedro A. Sanches

Senior Frontend Engineer based in Curitiba, Brazil

guto@hey.com
linkedin.com/in/gutosanches

As a design-minded software engineer with over a decade of experience, I specialize in React, React Native, and the JavaScript/TypeScript ecosystem. Throughout my career, I've led the frontend and mobile development of apps for fast-paced startups and enterprises. Currently, I'm revamping Clipboard Health's flagship mobile app. Before, I was improving SRM software for Michelin's on-call service in North America.

PROFESSIONAL EXPERIENCE

Senior Frontend Engineer

Clipboard Health • Remote • Nov 2024–Present

- Playing a key role revamping the company's flagship mobile app used by healthcare workers across the US, using React with Typescript, Ionic/Capacitor and Material UI, integrating with a NestJS backend through a REST API.

Senior Frontend Engineer

Clipboard Health / Maple.com • Remote • Oct 2023–Nov 2024

- Designed and developed features that became the most used parts of Maple's workforce management suite.
- Established best practices for the React with Typescript codebase.
- Proposed and implemented E2E testing using Playwright, increasing the team's confidence in moving fast shipping new features.

Senior Frontend Engineer

Decisiv / Michelin • Remote • Sep 2019–Oct 2023

- Improved the frontend of Michelin's ONCall platform, leveraging React, and integrating an Elixir Phoenix backend with GraphQL.
- Proposed and implemented feature enhancements prioritizing stability, accessibility, and ease-of-use, leading to a significant increase in productivity of on-call agents.

Lead Frontend Engineer

StayCircles • Remote • Oct 2016–Aug 2019

- Led frontend development of Airbnb-like web and mobile platforms from scratch, integrating with a Ruby on Rails backend with a REST API.
- Led mobile development of an app for finding affordable flight tickets.
- Used React Native for sharing code across platforms, resulting in faster time-to-market.
- Automated the CI/CD pipeline utilizing CircleCI, deploying on AWS CloudFront, and with Over-the-air updates to the App Store and Google Play Store.

Co-founder

Spacemapp • Curitiba, PR, Brazil • Apr 2015–Oct 2016

- Co-founded app with a mission to empower individuals to discover and explore events in their city, cultivating a lively local culture while also driving visibility for local businesses.
- Achieved recognition by SEBRAE Epifania 2016, Brazil's esteemed national support service for stimulating entrepreneurship in the country.
- Orchestrated the end-to-end development of web and mobile apps, building real-time interfaces using React, React Native, and Ruby on Rails.

Web Developer

Dois Padrinhos • São José dos Pinhais, PR, Brazil • Oct 2012–Mar 2014

- Designed and developed, from start to finish, a responsive e-commerce and blog website using WordPress, WooCommerce, JavaScript, HTML, and CSS.
